Stanford Autonomic Disorders
213 Quarry Rd | Palo Alto, CA 94304
Phone: 650-723-6469 Fax: 650-320-9443

****Only complete this page if Testing is requested.**

Patient Name: _____

Date of Birth: _____

Phone Number: _____

#1. Please choose one of three testing options below

___ Full Battery Testing – Tilt Table Testing, Heart Rate Variability with Deep Breathing, Valsalva Maneuver, includes QSART

___ Cardiovascular Testing – Tilt Table Testing, Heart Rate Variability with Deep Breathing, Valsalva Maneuver

___ Quantitative Sweat Test Only (QSART)

#2. Please send insurance pre-authorization for the test

Pre-authorizations Autonomic Test for CPT codes of 95921, 95922, 95923, 95924 and 93660 are required. At minimum, both 95923 and 95924 are required. Most insurance policies include R55 as covering diagnosis code. R55 includes syncope and collapse, pre-syncope, near-fainting, blackouts, etc.

MEDICARE does NOT require pre-authorization. A few insurances DO NOT approve 95923 and/or 95924. In such cases, we can do limited tests with 95924 only or 93660 only.

For more information about using appropriate CPT codes:

Please, refer to this link in page 6 and 7: [14autonomicmodel_tr.pdf \(aan.com\)](#)

#3. Our nurse coordinator will contact your patient before the test

Your patient might have to reduce or hold certain prescribed medications as these can affect test results for a few days. Please let us know if you have any concerns:

ADDITIONAL INFORMATION ONLY

Thank you for choosing Stanford Autonomic Disorders Program. Our clinic team aspires to provide the best consultation service and meet your expectations. Please fill out referral and order form for your patient. Once we receive forms and relevant records, we will review your request and contact your patient to schedule an appointment. In addition to EPIC Care Everywhere, we request that those records still be sent with the original referral to expedite the process.

Lack of key information or delay in providing relevant medical records may result in denial of consultation. We will keep consult requests open for 14 days after asking for missing documents or additional information.

CONDITIONS WE TREAT/MANAGE	CONDITIONS WE DO NOT TREAT/MANAGE
<ul style="list-style-type: none"> ▪ Syncope ▪ Orthostatic dizziness / orthostatic intolerance ▪ Neurogenic orthostatic hypotension ▪ Neurogenic supine hypertension ▪ Small-fiber neuropathies ▪ Autonomic neuropathies ▪ Sweating disorders besides idiopathic focal hyperhidrosis ▪ Paraneoplastic autonomic syndromes ▪ Pure autonomic failure ▪ Multiple system atrophy ▪ Autonomic failure in Parkinson disease or Lewy body dementia ▪ Autoimmune autonomic ganglionopathy ▪ Baroreflex failure ▪ Amyloidosis with autonomic neuropathy ▪ POTS (postural orthostatic tachycardia syndrome) ▪ Horner syndrome 	<ul style="list-style-type: none"> ▪ NON-postural dizziness ▪ Tachycardia/palpitations, non-postural ▪ CFS (Chronic fatigue syndrome), CFIDS, SEID, CFS/ME ▪ Fatigue, unspecified ▪ Brain fog / difficulty concentrating or focus / Memory problems ▪ (Non-specific) "Autoimmune conditions" ▪ Arrhythmia ▪ Mast cell diseases including mast cell activation syndrome (MCAS) ▪ CRPS (Complex regional pain syndrome), Reflex sympathetic dystrophy ▪ For diagnosis of EDS (Ehlers Danlos Syndrome) ▪ (Isolated) Gastrointestinal conditions/symptoms ▪ (Isolated) Genitourinary/Bladder symptoms ▪ Headache ▪ Idiopathic focal hyperhidrosis (hands/feet/armpits) ▪ Lyme disease ▪ Pain control ▪ PANDAS (Pediatric Autoimmune Neuropsychiatric Disorder Associated with Streptococcal infection) ▪ Post-concussion syndrome ▪ Resting hypotension ▪ Secondary hypertension other than supine hypertension and baroreflex failure ▪ Seizure (or to rule out seizure) ▪ (Isolated) Sleep problems
<p>The list above is for reference only and is not exclusive. Each referral request will be reviewed carefully on a case-by-case basis.</p>	

**Our clinic functions on a consultation basis. We may have to recommend establishing care with a general neurologist or cardiologist before seeing your patient.*
