

# Acoustic Neuroma Support Group

## Neuroscience Supportive Care Program

If you have been diagnosed with acoustic neuroma, and have questions or wish to explore treatment options and coping strategies with other patients and clinical experts, please join us for upcoming Stanford Acoustic Neuroma Support Group meetings. The meetings are a great resource for patient education and resources available to acoustic neuroma patients and families. Support group meetings will be co-moderated by acoustic neuroma patients.

Registration required. To register, email [veevo@stanford.edu](mailto:veevo@stanford.edu).
