Vaccines Are Not Just for Kids!

Tuesday, December 13  |  6:00pm–7:00pm
Stanford Neuroscience Health Center, Wellness Room 1511

Vaccines are an important protection against serious diseases. This class will focus on which vaccines are recommended for adults based on age, health, and other factors.

Walk-ins welcome, registration preferred. To register or for more information, please call 650.721.8500.
