

# What Matters Most

CLASS 1 OF A 3-PART SERIES

Cancer Supportive Care Program

## Advance Care Planning and What You Need to Know

In this workshop format, we'll be engaging in hearing what truly matters to you. Whether you are a person living with a serious illness, a caregiver of a loved one, or the healthiest you have ever been, having some form of a care plan in the event you are unable to speak for yourself is important for providing you and your family with the comfort and confidence knowing that your wishes will be honored no matter what happens. Come learn about the questions you should be asking yourself, your doctors, and your loved ones. You may even leave with an advance care plan completed! **Registration required.**
