

Privileges in Radiology Service, General Radiology

SAMPLE

Required Qualifications

Education/Training	<p>Successful completion of an accredited ACGME or AOA residency/fellowship in diagnostic radiology or foreign equivalent training.</p> <p style="text-align: center;">AND</p> <p>Successful completion of residency training in Diagnostic Radiology in a non-American program</p> <p style="text-align: center;">OR</p> <p>Current certification or active participation in the examination process leading to certification in diagnostic radiology by the American Board of Radiology or the American Osteopathic Board of Radiology or foreign equivalent training/board.</p>
Additional Credentialing Criteria (Initial and Reappointment)	<p>In accordance with Hospital Sedation Policy and completion of the SHC sedation exam taken every 2 years</p> <p>Use of Fluoroscopy Equipment- Valid Radiology Supervisor and Operator Certificate or Fluoroscopy Supervisor and Operator Permit Required</p> <p>Teaching appointment to work in SHC outpatient clinics</p> <p>Membership and privileges at LPCH to admit, treat patients 14 years old and younger</p> <p>Use of Fluoroscopy Equipment- Valid Radiology Supervisor and Operator Certificate or Fluoroscopy Supervisor and Operator Permit Required</p>
Clinical Experience (Initial)	<p>Mammography - 960 cases in 2 years; 15 Category 1 CME credits in Mammography; Quality Assurance Documentation</p> <p>MR-guided Breast Procedures - 24 MR-guided breast procedures in 2 years</p> <p>Mammography Stereotactic Biopsies - 24 Stereotactic biopsies in 2 years; 3 Category 1 CME credits in stereotactic biopsies in 3 years</p> <p>Mammography Ultrasound Guided Biopsies - 12 Ultrasound guided biopsies in 1 year; 3 Category 1 CME credits in Ultrasound guided biopsies in 3 years</p> <p>Neurointerventional radiology - Neuroradiology fellowship or practicing in neurointerventional radiology and done a minimum of 150 cases in the past two years.</p> <p>Diagnostic and therapeutic general angiography and vascular interventions - One yr special training or practicing in diagnostic and therapeutic general angiography and done a minimum of 150 cases in the past two years.</p> <p>Nonvascular interventional procedures - One yr special training or practicing in nonvascular interventional procedures and done a minimum of 150 cases in the past two years</p> <p>Carotid Stenting - Documentation of completion of 40 arteriograms and 25 carotid stent procedures. All must be proctored by Active Medical Staff member who has met above requirements.</p>

**Clinical Experience
(Reappointment)**

Minimum 40 cases required during the past 2 years - CORE; Carotid Stenting arteriograms
Minimum 24 cases required each - MR-guided Breast Procedures; Mammography Stereotactic Biopsies; Mammography Ultrasound Guided Biopsies;
Minimum 25 carotid stents required
Minimum of 150 cases required each - Neurointerventional radiology; Diagnostic and therapeutic general angiography and vascular interventions; Nonvascular interventional procedures
Minimum of 960 cases required - Mammography

FPPE Chart Reviews

FPPE CRITERIA LISTED BELOW. FPPE WILL BE ASSIGNED BY THE SERVICE CHIEF DURING THE APPROVAL PROCESS.
25 Cases - Core - Applicant must meet with Proctor to discuss completed cases/charts.
2 chart reviews - Administration of Moderate Sedation
5 chart reviews - Neurointerventional radiology; Diagnostic and therapeutic general angiography and vascular interventions; Nonvascular interventional procedures; Carotid Stenting
10 chart reviews - Mammography

FPPE Observations

2 observations - MR-guided Breast Procedures; Mammography Stereotactic Biopsies; Mammography Ultrasound Guided Biopsies;

Provide care on LPCH patients in specific areas of SHC

Request	<i>Request all privileges listed below.</i> <i>Uncheck any privileges that you do not want to request.</i>	Service Chief Rec
<input type="checkbox"/>		<input type="checkbox"/>
	Additional Request	
<input type="checkbox"/>	ONLY provide care of patients in the SHC Emergency Department, ASC, Cath Lab, Cancer Center or Endo Unit - requires Active or Courtesy Status at LPCH	<input type="checkbox"/>

Core Privileges

Request	<i>Request all privileges listed below.</i> <i>Uncheck any privileges that you do not want to request.</i>	Service Chief Rec
<input type="checkbox"/>		<input type="checkbox"/>
	Privileges included in the Core are:	
<input type="checkbox"/>	Privileges to admit, diagnose, perform history and physical exam, and consult through diagnostic workup planning, radiation monitoring, performing and interpreting diagnostic procedures.	<input type="checkbox"/>
<input type="checkbox"/>	Routine radiographic studies including the head, neck, chest, abdomen, and extremities	<input type="checkbox"/>
<input type="checkbox"/>	Computer tomography of the head, neck, chest, abdomen, extremities, and cardiovascular system	<input type="checkbox"/>
<input type="checkbox"/>	Magnetic resonance imaging of the head, neck, chest, abdomen, extremities, and cardiovascular system	<input type="checkbox"/>
<input type="checkbox"/>	Fluoroscopic procedures	<input type="checkbox"/>
<input type="checkbox"/>	Radiologic procedures of the genitourinary and gastrointestinal tracts	<input type="checkbox"/>
<input type="checkbox"/>	Radiologic procedures upon the musculoskeletal system	<input type="checkbox"/>
<input type="checkbox"/>	CT guided biopsies	<input type="checkbox"/>
<input type="checkbox"/>	Ultrasound procedures	<input type="checkbox"/>
<input type="checkbox"/>	Advanced ultrasound procedures: endovaginal ultrasound, Doppler imaging of veins and arteries	<input type="checkbox"/>
<input type="checkbox"/>	Diagnostic neuroradiology	<input type="checkbox"/>

Special Privileges

Description: Must also meet Required Qualifications for Core Privileges

Request <input type="checkbox"/>	Request all privileges listed below. <i>Uncheck any privileges that you do not want to request.</i>	Service Chief Rec <input type="checkbox"/>
<input type="checkbox"/>	Administration of Sedation	<input type="checkbox"/>
<input type="checkbox"/>	Use of fluoroscopy equipment (or supervision of other staff using the equipment)	<input type="checkbox"/>
<input type="checkbox"/>	Care of patients in outpatient clinics at Stanford Hospital & Clinics	<input type="checkbox"/>
<input type="checkbox"/>	Admit, treat, evaluate or provide follow-up care for inpatients ages 14 years or younger	<input type="checkbox"/>
<input type="checkbox"/>	Mammography	<input type="checkbox"/>
<input type="checkbox"/>	MR-guided Breast Procedures	<input type="checkbox"/>
<input type="checkbox"/>	Mammography Stereotactic Biopsies	<input type="checkbox"/>
<input type="checkbox"/>	Mammography Ultrasound Guided Biopsies	<input type="checkbox"/>
<input type="checkbox"/>	Neurointerventional radiology	<input type="checkbox"/>
<input type="checkbox"/>	Diagnostic and therapeutic general angiography and vascular interventions	<input type="checkbox"/>
<input type="checkbox"/>	Nonvascular interventional procedures	<input type="checkbox"/>
<input type="checkbox"/>	Carotid Stenting	<input type="checkbox"/>
