Welcome to Your Monthly Billing Statement

Thank you for choosing Stanford Health Care for your hospital and physician services. We have designed this brochure to guide you through the Monthly Billing Statement and to bring key information to your attention.

- The Stanford Health Care monthly statement shows activity and balances due for hospital and professional services where a patient liability has been incurred.
- This statement displays both professional and hospital-based accounts and the date the services were provided.
- The first page provides an overall summary of the amount owed for the services that have been provided.
- Different accounts that were established for different service dates can be identified in the detail displayed on the second and subsequent pages.
